Judges 12:1-15 August 9, 2009

1. *How does pride look today? Take a moment and look at, listen to or read the news. How many problems are related to pride? How much can I see that in myself?*

2. *Why is pride such a big deal? Consider: Satan fell as a result of pride—and he used that as a weapon against our “first family.” What did pride do to Adam and Eve?*

3. *How does pride hurt? What are some of the things that pride does to cause problems? What do you see in this passage? How does your pride cause you problems?*

4. *Time to dig in deeper! Where does my pride live? Do I have a sense that I'm “better”—or resent that I'm not? How can pride be “healed?” Consider Col. 3:12-17 and Phil. 2:1-11; How can we apply them to heal the wound?*
