1. *John 3:16 is an example of God’s love! What other examples of God’s love can you think of? Have you seen true love from someone else? Have you thanked them?*

2. *What do you do with a command from the Bible? Why would God command something, anyway? What does this mean to Him? What does this mean to me or to us?*

3. *If I knew a way to show love, would I do it? What does Peter say on “how to love”? Is that hard to do? Why is it so difficult? Could God love this way through me?*

4. *Could love be a process rather than an emotion? How can Peter give this “step by step” guide to Christian love? What would it take for me to follow this? What part seems to be the hardest? What would it take to start—now?*
